ORGANIZING

Shippers Ally to Fight for Relief from Railroads

C. B. Riley of This City Elected Secretary of the New Organization.

A permanent organization, to be known as the Indianapolis Shippers' Association, was perfected at an important meeting of representatives of the allied shipping interests of the State yesterday afternoon in the Board of Trade building in Indianapolis, active measures were begun for bringing about railroad legislation in the next General Assembly, which will further what the shippers consider their equitable rights regarding the shipping rates imposed upon them by certain railroads. Resolutions, couched in forceful and unmistakable terms, were drawn and adopted by a committee appointed for that purpose, and were unanimously ratified by the representatives.

D. T. Bacon was elected president, A. E. Reynolds, vice president and C. B. Riley, of this city, Secretary of the new organization.

Secretary Riley expressed himself as being highly elated at the outcome of the meeting, and intimated that great things will be accomplished in the interests of the shippers of Indiana during the meeting of the next Legislature.

The following organizations, which are interested in the work of securing what is termed in the resolutions adopted "legislative relief against the encroachments of the railroads," were represented at the meeting:

The Indiana Grain Dealers' Association, the Retail Lumber Dealers' Association, the Retail Hardware Dealers' Association, the National Material Supply Association, the Indiana Hardwood Lumber Dealers' Association, the Anderson Commercial Club, the Indianapolis Board of Trade, the Shippers' Protective League, the Manufacturers' Club, the Indiana Millers' Association and the Indianapolis Commercial Club. Besides the organizations, as many as fifteen unaffiliated individuals were in attendance at the meeting.

The organization is made for the purpose of coping with the strong lobbies sent to the Indiana Legislature at each session, and is expected to help the farmer and the people generally, as well as the grain, lumber, material and other dealers, by putting the rates at a figure that is right and equitable.

Mr. Riley, of this city, is an enthusiastic worker for such adjustment and it was through him and the Grain Dealers' Association, of which he is secretary, that this new organization is formed.

GEORGE RAY WINS

Parker Men Put to Flight and Delegation for Hearst.

At the Democratic primaries at Shelbyville last night George Ray demonstrated to the people of this judicial circuit that the Democrats of that county are with him and that he can successfully carry it, all conditions being equal.

The Ray people said shortly after the recent judgeship fight that Morris carried the county only because he had the most money, and those who observed this last political turn in Shelby county know that it was not an idle boast and that he did carry it last night.

All the State delegates are avowed Hearst men and close friends of George Ray. They are:

Delegates—Jacob H. Deitzer, Albert F. Wray, Peter Fettig, George M. Ray, Dr. Frank Campbell.

Alternates—Dennis Howard, John Burns, Henry Emrich, Lee F. Wilson, John Marr.

Ray's action in going on the ballot himself, shows that he not only was sanguine of success, but that he was anxious for the Democrats to understand that it was his ticket.

PULLING TOGETHER

Third Party Prohibitionists and Liquor League Working Hand in Hand.

The temporary chairman of the recent Prohibition State convention, Rev. J. C. Rhodes, of Kokomo, said in his address:

"I apologize to you, ladies and gentlemen, for some kind words I once spoke for the Nicholson law, and plead ignorance as an excuse. I didn't know any better when I spoke well of it."

The Fidelity News of Indianapolis, organ of the State organization of retail dealers, gives its hearty endorsement to this speech, and says:

"A war has begun on the Nicholson law. The Knights of Fidelity News has been fighting this law from the time of its first issue to the present date. Our efforts have not been unavailing. They have begun to bear fruit. In every section of the State there is a loud acclaim for the repeal of this law. It has been tried and is a failure. It is a breeder of 'speakeasy' joints. Gather into the fold all saloon keepers who are inclined to be backward in upholding the interests of the trade. Send their names to this office, with addresses attached, with an order for one year's subscription, which is \$2. We will give the man abundance of good literature each week, showing why the Nicholson law should be shelved. The majority of the people don't want it. It's up to the saloon keepers of Indiana to administer the final knockout blow."

THE KENDALL'S

To Figure in Another Sensational Suit in This Court.

The Father Sues Son to Recover Twelve Thousand Dollars Worth of Real Estate.

Alfred Kendall, this afternoon, by Watson, Titsworth and Green, filed suit in the Circuit court against his son Marcus A. Kendall for reconveyance of 144 acres of land in Richland township, and a house and lot in Milroy, worth altogether \$12,000.

The property in litigation was conveyed to defendant in 1903, by plaintiff, who was trying to effect a settlement of a divorce case of much importance, and where his wife was suing the old gentleman for alimony, and defendant is alleged to have ignored all demands to reconvey the property.

The plaintiff has been making his home with the defendant, his son, and failed to get along, and this suit is the result.

Mr. Kendall the plaintiff, and his son have both been in the courts recently in sensational cases, the father in a divorce case, and the son was the defendant recently in the famous Culver-Kendall breach of promise suit, wherein Blanche Culver, of Brooklyn, N. Y., sought to recover \$10,000 damages, and which was afterwards settled for approximately \$4000.

Japan Is Fighting the United States' Battle

By POULTNEY BIGELOW, Author and Traveler

WE should be ASHAMED to let Japan fight our battle. We have the bulk of trade in the affected territory. We have been backing down before Russia just as England has done, and JAPAN IS FIGHTING THE BATTLE for American trade. Next to the American consuls nothing has done so much damage to American trade there as the Russian occupation of Manchuria.

Russia has never conducted a really FIRST CLASS campaign. We are the only nation that has ever conducted so brilliant a campaign as the Spanish-American war, in which we brought back the whole army as heroes—EXCEPT THE REGULAR ARMY. But for God's providence the rough riders would have been chewed up at Santiago had it not been for these UNTHOUGHT OF regulars, who crowded around them on the hill.

SUNDAY'S GAME

Line-up of Locals for Game With Indianapolis Washingtons

First Game of the Season Wagoner of Indianapolis Greys to Pitch for Rushville.

The first game of the base ball season for this city, will be played here Sunday, between the Rushville club and the Indianapolis-Washingtons. The Washingtons are a stronger aggregation this year and a great game is looked for.

Wagoner who pitched for the Indianapolis Greys last year, will pitch the game for Rushville. Wagoner pitched for Eushville in 1902, and "was there with the goods." Logan, the Greenville, Ohio, pitcher is ready to come to this city, but Manager Geraghty will not send for him until he hears from Pruitt who is expected to return here in case he does not "make good" at Louisville.

As yet, Lindsey, the man engaged to play at first has not arrived and his place will be filled by "Bean" Pearsey.

The game will be called promptly at 2:30 p. m., and the line up of the two teams is as follows:

Rushville—Wagoner, p.; Morgan, c.; Pearsey, 1b.; Fred Alexander, 2b.; Carter, ss.; Hendricks, 3b.; Dillon, 1 f.; Yazel, c. f.; and Pea, r. f. Washingtons—Shea or Laitner, p.; Jordan, c.; Lotshaw, 1b.; Firestone, 2b.; French, ss.; Kenworthy, 3b.; Redick, 1 f.; Condiff, c. f.; Bartlett, r. f.

New uniforms will be secured for the home team later, but the team will play in their old uniforms in Sunday's game.

The Washingtons met the Indianapolis American Association team last week and secured one more hit than did the professionals, but lost the game by a score of 8 to 0.

Rushville now has a full salaried team which will no doubt bring great credit to themselves and this city during the coming season.

WILL PROBABLY RETURN

Pruitt to Return to Rushville if he Does not Make Good at Louisville.

Manager James Geraghty, of the Rushville base ball team, received a letter last night from Charles Pruitt, the former Rushville pitcher who is now trying for the Louisville American Association team, stating that he will return to Rushville "on the very first train" if he does not make good.

Pruitt will pitch the entire game at Louisville tomorrow (Saturday) against Milwaukee, and Rushville fans will anxiously await the outcome of the game.

Marriages are made in heaven, and a good many women wish they had waited until they reached there.

TEN TONS OF MANUSCRIPT

Indiana Educational Exhibit Shipped to St. Louis.

A shipment of nearly ten tons of educational exhibit has been made from the State superintendent of public instruction to the St. Louis exposition.

There was a hurrying up of things in that official's office all day Wednesday, with the result that toward evening the room had the appearance of a freight depot. Big boxes filled with manuscripts, maps, drawings, etc., showing the efforts and accomplishments of juvenile Indiana, stood all about, waiting for the labels, showing the contents and final destination, to be attached.

Superintendent Cotton is greatly pleased with the quality of work done in Indiana schools and he expects it to receive commendation at the exposition. Of course Rush county work showed up prominently in this ten ton shipment and every Rush county visitor to the fair should not fail, as a matter of county pride, to hunt up the Rush county department of the Indiana educational exhibit.

Many Rush county people availed themselves of the opportunity of seeing the exhibit at the court house here some time ago, but it could not be compared with other counties.

Mathewson was knocked out of the box in the fifth inning yesterday.

Rube Waddell won his first game of the season for the Philadelphia Americans, but it took twelve innings to do it.

Thirty-five thousand people saw the New York-Philadelphia National league game yesterday. The attendance at Pittsburgh was nearly 12,000 and nearly 14,000 saw the New York-Philadelphia American league game, at Philadelphia.

Elliott, of the Cincinnati, who took Hahn's place yesterday after the Pittsburgh's took "Noodles" measure, let the heavy batting Pirates down without a hit.

The three time pennant winners worked hard to beat Cincinnati yesterday, as it wouldn't have looked well to be defeated just after hoisting their pennant flag.

RUSSIANS ARE FLEEING

Precipitate Flight of Czar's Troops is Reported.

Flight Across the Yalu River in Overcrowded Boats Attended by a Heavy Rate of Mortality

New Chwang, Apr. 22.—A messenger has arrived here from the Yalu with the information that the Russians are fleeing north across the river in overcrowded boats and are losing hundreds by drowning.

Tien Tsin, April 22.—Japanese troops are now embarking from Korea and possibly are being reinforced by the forces on the Yalu river, from which the Russians have practically withdrawn.

Tokio, April 22.—Port Arthur is undoubtedly effectually blocked. Events are culminating around the doomed fortress.

St. Petersburg, April 22.—The admiralty, it is announced, intends to fit out two ships purchased from Germany, which formerly were in the trans-Atlantic service, together with a number of ships of the volunteer fleet, with rapid-fire guns and to send them to the Pacific to prey upon Japanese commerce. The admiralty believes that by this means it can prevent the resumption of operations by the Japanese commercial fleet and strike a hard blow against Japan's hope of maintaining her resources for the prosecution of the war.

It is authoritatively stated that Russia has been offered through a well-known New York firm two 7,000-ton and two 3,000-ton cruisers belonging to a South American republic, but has declined the offer.

In order to harmonize the army and navy operations Vice Admiral Skrydloff will stop at Liao Yang on his way to Port Arthur to confer with General Kuropatkin. The admiral and the general are warm personal friends, and both are completely independent of the viceroys. In spite of the bad relations between Skrydloff and Alexieff, pressure is being brought to bear to prevent the viceroys' immediate return to the Russian capital.

All information in possession of the general staff indicates that the Japanese are preparing to make a landing near Takushan. The lights of Japanese ships have been observed there for several nights, and it is believed that the debarkation of the troops has been delayed only by the bad weather, which has prevented the assembling of the junks and other small craft on which the troops must be carried across the stretch of shallow water which extends several miles from the shore. It is believed that the Japanese will experience great difficulty in debarking if their landing is resisted. A prominent naval attaché who is familiar with the coast says a battalion with rapid-fire and machine guns could keep off an army corps, as the warships would have to lie too far out to effectively protect a landing.

Fell Into Enemy's Hands. Harbin, Manchuria, April 22.—The two officers of the Japanese general staff, a colonel and a captain, who were arrested by the railroad guard eighteen miles from this place on April 16, were found guilty by a court martial and sentenced to be hanged. The officers listened quietly to the sentence of the court, but subsequently asked that their lives be spared. General Kuropatkin confirmed the findings of the court, but, taking into consideration the fact that the accused were soldiers, he ordered that they should be shot instead of hanged.

BOMBARDMENT THREATENED

Nicaraguans Brought to Face the Ire of John Bull.

Kingston, Jamaica, April 22.—The British cruiser Retribution, which under instructions from the imperial government, sailed from Kingston April 11 for a Nicaraguan port in connection with the seizure of six Cayman turtle schooners and the arrest of their crews by Nicaraguan officials, has returned to Port Royal from the Nicaraguan coast, after ascertaining that the vessels and crews had been sent to Bluefields. The captain of the Retribution accused the Nicaraguan commandant, under whose orders the schooners were seized, of piracy. There is con-

sternation among the Nicaraguan officials over the affair.

It was necessary for the Retribution to return to Port Royal to coal, but the cruiser will sail for Bluefields tomorrow to demand the release of the prisoners and the boats, and also compensation for their illegal seizure and detention. It is rumored that should it be found necessary, the Retribution will bombard the port of Bluefields.

Hunt, of Indianapolis, will respond.

Cracksmen Make Rich Haul. Clay City, Ind., April 22.—The Farmers' and Mechanics' bank here was blown by robbers and \$5,281 was secured. The cracksmen made good their escape and so far no clue has been discovered by the authorities. It is claimed that four men were seen driving at breakneck speed out of town immediately after the robbery. The bank building was nearly entirely demolished, every glass in the lower floor being shattered and one of the massive hinges from the safe was hurled across the street and demolished the glass front of a saloon. In addition to the \$5,281 taken from the strong-box, individual deposits valued at \$600 were taken.

HEARST LEFT AT THE POST

Massachusetts Democrats Sit Down on
 Gotham Man's Aspirations.
 Boston, April 22.—By an overwhelming
 vote the Massachusetts Demo-
 cratic convention at Tremont Temple
 instructed four delegates at large and
 twenty delegates from the various con-

RICHARD OLNEY.

gressional districts of the state to sup-
 port Richard Olney of this city for the
 presidential nomination at the Demo-
 cratic convention at St. Louis next
 July.

The supporters of William R. Hearst
 of New York as the presidential nom-
 inee were defeated by a vote of about
 600 to 200. A resolution endorsing the
 candidacy of Mr. Hearst was voted
 down by a very large majority.

George Fred Williams, the leader of
 that faction of the Massachusetts Dem-
 ocracy supporting the candidacy of
 William R. Hearst, made a vigorous
 protest against the adoption of the
 unit rule, but the convention by a vote
 of nearly 3 to 1 refused to strike from
 the platform the clause calling for
 unanimous action with reference to
 presidential nominees, and after adopt-
 ing the resolutions presented by the
 majority of its committee, on motion
 of Josiah Quincy, voted that the unit
 rule govern not only the support of
 Mr. Olney, but all matters pertaining
 to the convention.

The platform adopted consisted of a
 single plank—an indorsement of Mr.
 Olney's candidacy and instructions to
 the delegates to vote as a unit for him.

Ralph D. Cox, of the Eighth Ohio
 Congressional District was nominated
 on the six hundred and thirty-fourth
 ballot for Congress.

The Jacksonian insists that the
 "whereas," "wherefore" and "be it
 resolved" is what the people want,
 but the people don't believe it.

The passing of resolutions and the
 pledging of a party's candidate at a
 city convention is a rare occurrence in
 Indiana, and where it is done, it is
 invariably done by parties in the mi-
 nority who can only hope to win by
 strategy and dare not go before the
 people on the merits of its candidates.

Once more, for the benefit of the
 editor of the Jacksonian, who seems
 to be a little thick skulled and cannot
 understand what we say concerning
 the position of the Republican party
 in the city campaign, we will say
 that the reason the Republicans do
 not read off a lot of promises and res-
 olutions at their city convention is be-
 cause there is no necessity for any
 such action. They have been in con-
 trol. They are on record in the gas
 case. The character and general busi-
 ness qualities of the men who are can-
 didates is well known, so that passing
 any resolutions at the Republican city
 convention would be just the same as
 passing them at the Democratic con-
 vention, a mere farce, the throwing of
 sand in the eyes of the voter, a ruse
 to catch a few votes of persons who
 have forgotten the past, etc. The Re-
 publican party as a party, does things
 besides passing resolutions and do not
 resort to a lot of guff and stuff about
 what we will do, but stand on what
 the people know of the candidates
 and can expect of them. From the re-
 liance the "Jack" puts in the prom-
 ises and resolutions one would be led
 to think that they are afraid to rely
 on the personality of their candidates,
 that they were weak before their
 neighbors and the people that know
 them, and have to be bolstered up by
 a lot of promises, platforms, principles
 and resolutions. You ask why we
 didn't pass resolutions, Mr. Jack, and
 we have endeavored to explain. To be
 fair about the matter, tell the people
 why the Democratic party did pass
 "resolutions."

MOYER GIVEN HEARING

President of Colorado Miners Before
 Supreme Court.

Denver, Col., April 22.—President
 Charles H. Moyer of the Western Fed-
 eration of Miners, who arrived in Den-
 ver in custody of state troops after
 several weeks' incarceration at Tel-
 luride, where martial law is in force,
 in consequence of labor troubles, was
 taken before the state supreme court
 yesterday afternoon under the writ of
 habeas corpus issued in his case. At
 the Oxford hotel he entered a hack
 with General Sherman M. Bell and
 Captain Buckley Wells, the respon-
 dents to the writ, and the vehicle was
 driven rapidly to the statehouse, fol-
 lowed by thirty-two armed soldiers,
 who guarded the entrances to the
 court-room while the habeas corpus
 proceedings were in progress.

The court heard arguments on a mo-
 tion of the petitioner to be admitted
 to bail pending a decision on the ques-
 tion of the court's jurisdiction, and
 took the matter under advisement.
 Mr. Moyer was then removed to the
 hotel in custody of the military.

Defying the detachment of cavalry
 which brought Moyer to appear before
 the supreme court, W. D. Haywood,
 secretary-treasurer of the Federation,
 attempted to hold a conversation with
 the prisoner while he was being taken
 from the train at the Union depot.
 Ordered to stand back by Capt. Wells,
 commanding the guard, he struck the
 officer in the face. In a second he
 was surrounded by a cordon of angry
 troopers, who struck at him with the
 butts of their carbines and beat him
 with six-shooters. That he was not
 killed by the excited soldiers is due
 to the action of the orderly of Captain
 Wells, who struck up the muzzle of a
 gun aimed at Haywood and rescued
 him from his position between two
 cars, where the guards had him cor-
 nered.

Placed under arrest, he was put in
 the middle of a hollow square of mil-
 itiamen and marched to the Oxford
 hotel, near the depot. Here he again
 showed fight and was beaten into sub-
 mission. His injuries consist of a
 deep cut on the left side of the head
 and one on the right side of his head,
 which almost severed the lower lobe
 of his right ear. When a demand was
 made by Police Captain Frank Lee
 for the release of Haywood on the
 ground that the military rule did not
 extend to Denver, General Bell replied
 that he intended to hold Haywood as
 a military prisoner and would shoot
 anyone who attempted to take him,
 but nevertheless, under orders from
 Governor Peabody Haywood was sur-
 rendered to Sheriff Armstrong and
 placed in the county jail.

Stood Too Near Danger.

New Albany, Ind., April 22.—George
 Kohn, aged sixty years, was killed
 while dynamiting stumps. After plac-
 ing the charge of dynamite and ignit-
 ing the fuse Kohn walked a short dis-
 tance away and was struck in the
 breast by a large piece of the stump.
 His death was instantaneous.

POLITICAL GOSSIP

Some of the Things Attracting Special
 Attention Just Now.

Indianapolis, April 22.—The van-
 guard to the Republican state conven-
 tion crowd is arriving. It consists
 mostly of the party workers who will
 help the various candidates round up
 their organizations. All of the candi-
 dates will have headquarters estab-
 lished at the Hotel English by tomor-
 row night. Several have been there
 for a week. There is every indication
 that the convention will be a record-
 breaker for attendance, which is not
 consoling to Chairman Goodrich and
 Secretary Sims, who have charge of
 the arrangements, for they realize that
 the seating capacity of Tomlinson
 hall is going to be very limited. Judge
 Penfield's friends will come to Indi-
 anapolis in a special train Monday
 from the Twelfth district. The Sayre
 men in the Eleventh will also have a
 special, and it is very probable that
 there will be a Hanly special from the
 Tenth. Taylor, the other gubernatorial
 candidate, resides here, and his friends
 are already very busy. A ruling
 has been made that people who are
 not in their reserved seats fifteen min-
 utes after the opening of the session
 will have to forfeit them. The ruling
 is made to avoid confusion. Secretary
 Sims said that one row of box seats
 will be reserved for the delegates in
 addition to the entire lower floor.

John C. Wingate, the "bard of Bris-
 tle Ridge," well-known member of the
 state tax board, who is always a fa-
 miliar figure about the Republican
 state conventions, made his appear-
 ance today among the party workers
 at the hotel English. He has been lec-
 turing the county and township assess-
 ors throughout the state and under
 the circumstances he says it would not
 be fair for him to take a decided stand
 for any candidate for governor. He
 is going to be one of the managers of
 the campaign of Leroy Nash of Tipton,
 from this on. The Ninth district prom-
 ises to make a game fight for Nash.
 The latter is a very busy individual
 and has made a thorough canvass. It
 is said, however, that Hugh Th. Miller
 of Columbus, candidate for lieutenant
 governor, has done more traveling
 than any other aspirant, as he has
 visited all but three or four counties.

It is very likely that the name of
 General Lew Wallace will be placed
 at the head of the Republican national
 ticket in Indiana this year as the first
 candidate for presidential elector.
 The matter has been broached to
 General Wallace. He is not averse to
 the honor, but his health is very bad
 and for that reason he is holding back.
 The other man under consideration for
 presidential elector is J. D. Oliver, the
 millionaire manufacturer and philan-
 thropist of South Bend. The presiden-
 tial electors and four delegates at
 large will be selected before the rest
 of the ticket is named. Governor Dur-
 bin, Senators Fairbanks and Bever-
 lidge and Chairman J. P. Goodrich of
 the state committee will be the Indi-
 ana "big four" at Chicago. There will
 be no opposition. So far no names
 have been considered for alternate de-
 legates at large.

There are but four counties that
 have not selected delegates to the Re-
 publican state convention. They are
 Marion, Vigo, Putnam and Jefferson,
 which hold their conventions Satur-
 day. The chief interest is in the result
 here. Of course Taylor is expecting
 a solid delegation, but the other can-
 didates for governor are dipping in
 their oars as deeply as possible for the
 purpose of being second choice. Then
 the candidates for other places are
 busily engaged in trying to get their
 friends on the delegations. In several
 wards there will be a fierce fight, as
 there are three or four slates.

PENSION BILL PASSED

This Measure Carries With It More
 Than \$137,000,000.

Washington, April 22.—The pension
 appropriation bill, carrying an appro-
 priation of over \$137,000,000, and the
 emergency river and harbor appropri-
 ation bill, which carries \$3,000,000,
 were passed by the senate, leaving
 only the general deficiency and the
 military academy bills of the entire
 list of supply measures still to be con-
 sidered by the senate. While the river
 and harbor measure was under con-
 sideration Mr. Gorman sharply criti-
 cized the failures to bring in a general
 river and harbor bill.

The house gave evidence of ap-
 proaching adjournment by passing a
 large number of bills, among them be-
 ing one to provide a temporary gov-
 ernment for the Panama canal zone.
 A rule was adopted after the Demo-
 crats had forced a roll-call for the con-
 sideration at any time of the bill cre-
 ating a commission to investigate the
 merchant marine of the United States,
 and the bill was then laid aside.

The Defense in Seward Case.

Danville, Ind., April 22.—The trial of
 Henry Seward on the charge of mur-
 dering his wife, near Fern, on the eve-
 ning of May 16 last year, is more than
 half way to the end. The prosecution
 has in all the evidence it has against
 the prisoner. For nearly seven days
 the state's attorneys have been piling
 up evidence against the defendant in
 an effort to convince the jury that he
 killed Mrs. Seward. The defense has
 now begun to introduce evidence in an
 effort to prove the innocence of the
 defendant.

Fire Loss at Newberry.

Lyons, Ind., April 22.—A fire at New-
 berry, this county, destroyed Scott's
 hardware store, Johnson & Benjamin's
 dry goods establishment and the Ma-
 sonic lodge equipments, occupying up-
 per rooms in the last named building.

 treme Penalty For Fero-
 cious Crimes.

NO RESPITE GRANTED

Niedermeyer and Van Dine Both De-
 sperately Fought Sentence to
 the Last Minute.

Penalty of the Law Exactod of Trio
 of Worst Murderers in Chi-
 cago's History.

Chicago, April 22.—For a crime never
 paralleled in Chicago's history for
 murderous ferocity and mercilessness,
 the penalty of the law was exacted of
 the carbarn bandits, Niedermeyer,
 Van Dine and Marx on the scaffold to-
 day.

With all hope of clemency gone, the
 three murderers last night seemed re-
 signed to their fate, and retired early.
 Governor Yates, following the recom-
 mendation of the state board of par-
 dons, declined to stay the execution
 of Van Dine. The execution of Nie-
 dermeyer was threatened with legal

GUSTAVE MARX.
 H. VAN DINE. P. NIEDERMEYER.

Interference for a time, when attor-
 neys representing Jas. Sammons and
 John Lynch, who are under death pen-
 alty for the murder of Saloon Keeper
 Patrick Barrett, began proceedings of
 a habeas corpus nature. No judge
 could be found, however, who would
 agree to grant the request. The law-
 yers first sought the appointment of a
 commission to take the evidence of
 Niedermeyer as to his knowledge of
 the murder of Barrett. Niedermeyer
 some time ago made a statement that
 he and two companions had killed Bar-
 rett and that Sammons and Lynch
 were innocent. When the lawyers
 failed to have a commission appointed
 they then filed applications for writs
 of habeas corpus for Niedermeyer.
 Judges Clifford, Gary and Brentano, in
 turn, refused to grant either of the de-
 mands of the lawyers, declaring that
 the writs asked for would not lie be-
 cause the accused had already been
 sentenced and no trial was at this time
 pending.

MABEL PAGE CASE

Charles L. Tucker Arraigned on Mur-
 der Charge.

Waltham, Mass., April 22.—The case
 of Charles L. Tucker, accused of the
 murder of Miss Mabel Page at West-
 on, is being heard in the district
 court. District Attorney Sanderson
 recited the main facts in the case.

Mabel Page was found murdered on
 the afternoon of March 31. On that
 day Tucker had in his possession a
 sheath such as would cover such a

CHARLES L. TUCKER.

knife as could have inflicted the
 wounds. A week later such a knife
 was found in Tucker's possession. It
 had been broken and the handle
 thrown away, so that the officers could
 not find it.

The defendant denied that the
 sheath was in his possession on the
 day of the murder, said the district at-
 torney, and in explaining the breaking
 of it, said that he broke it so that peo-
 ple would not connect him with the
 crime. Tucker was near enough, con-
 tinued Mr. Sanderson, on his own
 statement, to have done the murder,
 and on this statement of facts he
 would ask that Tucker be held for the
 grand jury.

STATE NEWS

Indianapolis, April 22.—J. L. Brodrick, president of the wrecked Indiana National bank at Elkhart, was sentenced by Judge Anderson in the United States district court to ten years' imprisonment in the United States penitentiary at Leavenworth, Kan. W. L. Collins, cashier of the wrecked bank, was sentenced to six years in the same penitentiary. The judge in sentencing Collins, took into consideration his services to the government as a witness and took the ground that he had been used as a tool. Both received their sentences in a stoical manner and were immediately placed in charge of United States Marshal Pettitt. In the case of Walter Brown, the last of the convicted trio, Judge Anderson overruled a motion for a new trial and sentenced him to eight years at Fort Leavenworth. In sentencing Brodrick and giving him the limit of the law, which provides an imprisonment of not less than five nor more than ten years for bank wrecking, such as the Elkhart men were charged with, Judge Anderson summed up Brodrick's case in a scathing manner and heaped on him the bulk of the blame for the bank's collapse.

KLONDIKE KING IS WANTED

Old Trouble in Illinois Has Been Again Revived.

Petersburg, Ind., April 22.—A deputy sheriff from Danville, Ill., arrived here to arrest Frank C. Lory, the "Klondike king." He was armed with a requisition from Governor Winfield T. Durbine, but found that Lory had gone to St. Louis, where he is engaged in the brokerage business. The officer left for St. Louis. Lory is charged with fraud at Danville in some of his gold mine dealings. It will be remembered he is the man that lost \$63,500 in a fake footrace at Colorado Springs, something like eighteen months ago, and charged Hovey T. Tislow, a local jeweler of this city, with being one of the men who helped to work the fake up. He procured several indictments against Tislow, but the accused was acquitted with prejudice. Tislow brought suit for \$10,000 damages, but the case has never come to trial. Lory was charged by the heirs of Daniel C. Gregg of Danville, Ill., with fraudulently coming into possession of a 1,500-acre farm in the river bottoms below town by trading gold mining stock and guaranteeing a dividend. The dividend failed to materialize and the stock was found to be worthless, and Lory surrendered the farm. He is said to be worth nearly a million dollars, most of all of which he made in the gold regions.

Samuel Michaels Convicted.

Kokomo, Ind., April 22.—The jury in the case of the state against Samuel Michaels for arson, returned a verdict finding the defendant guilty on the first count, that of accessory before the fact. The indictment was against John Bowen as principal and Michaels as accessory. Bowen will be tried next month. Bowen and Michaels were arrested on charge of attempting to burn the home of Aaron Schock on the night of Sept. 29, 1903.

Baby Was Cremated.

Bluffton, Ind., April 22.—While Mrs. William Forrest, near Ruth, this county, was busy with household cares the house caught fire and in her excitement she ran to the residence of a neighbor some distance away, to summon assistance, forgetting her children, one a babe four weeks old, lying on a bed, and the other child two years old. The babe was cremated, but the other escaped from the house without injury.

Great Jubilee Promised.

Indianapolis, April 22.—Arrangements are being made for the golden jubilee or fiftieth anniversary of the grand commandery of the Knights Templar, to be held in this city May 11. It is promised that this will be the most imposing and most largely attended ceremony in the history of Knights Templar in this state.

Resolutions of Respect.

Armory Ivy Co. No. 35.

April 21, 1904.

Whereas, it has been the will of our all-wise Father and Ruler of the Universe to take from our rank our worthy and greatly esteemed comrade, Ora B. Billings, we shall keenly feel his loss and mourn his seeming untimely demise, but in the words of our departed brother say, "it must be best," and shall remember him as having fought bravely the battle of life, and as a reward for his victory been called up higher to wear the uniform of the redeemed, and with Jesus as his captain, march the golden streets of the New Jerusalem to strains of heavenly music.

Be it resolved, that we extend to the family and friends of our deceased brother our sincerest sympathy; and also be it resolved that a copy of these resolutions be sent the family and spread on our records and published in the county papers.

Cures and Prevents Disease

The cause of ninety per cent of all disease is a faulty digestive and drainage system—the stomach, liver, kidneys and bowels. Let one of these organs become clogged or inoperative, there remains in the system many poisons that will, in time, breed disease, difficult to correct. One should never allow even a temporary stoppage of any one of these organs—they should be kept constantly in perfect working order.

SEVEN BARKS

Is positively the ideal corrective of all internal ailments. It is not a patent medicine, but an honest, vegetable preparation, extracted from the bark of a species of the Hydrangea plant. Its curative properties are numerous. It is a mild cathartic—an alterative—diuretic, soothing, healing and tonic. An occasional dose will keep the whole system in perfect condition and will act as a safeguard against disease.

Seven Barks has been on the American market for over thirty-five years. Its distributors have reams of high-praising letters from people in every walk of life. Thousands of families are never without a bottle. The oldest friends are our best.

Test it for Yourself

Ask your druggist for a 50-cent bottle, and if it does not do all that is claimed, take the empty or partly consumed bottle back and get your money. One New York City druggist sold 720 bottles on this basis before one dissatisfied purchaser asked for the return of his money.

LOCAL BREVITIES

The Monday Night Whist club has disbanded for the season.

Mrs. Guy Abercrombie entertained the Grand Club this afternoon at her home on North Perkins street.

Miss Stella Jones will entertain the Whist Club tonight at her home on North Morgan street.

Henry Kramer, father of Harry Kramer, the butcher, is confined to his home with pneumonia.

Mrs. Nannie Helm entertained at six o'clock dinner yesterday evening in honor of Mrs. Charles Landis, of Chicago.

Shelbyville Republican; Mr. Edward Deck, city editor of the Republican, is confined to his home today on account of sickness. Mr. Bert Morris, one of the editors of the High School Squib, is doing the city for the Republican today.

Things must be getting very quiet in Rushville these days, at least they were yesterday, for several small boys scared up a rabbit from under the stairway leading to Prosecutor Arbuckle's office on Main street. Mr. "Bunnie" had evidently got a little mixed as to his orientation.

Word has been received here of the death of James McEntee, of Sharpsville, who died of cancer of the stomach. Mr. McEntee was a brother of John McEntee, of this city, and was once a resident of Washington township. Mr. McEntee was well known here.

"The Lake Erie & Western has decided to shorten the time between terminals, taking out a few stops on some of its through trains. Superintendent Boomer is now arranging the time schedule" says the Indianapolis Journal, but this would hardly refer to the through trains on our branch of that road.

"When was a law passed prohibiting onion breaths in school?" writes an angry Beaverton (Mich.) parent to Superintendent of Public Instruction Fall. The writer insists on the right of his children to eat onions, and says his town is almost in a riot because teachers have whipped pupils who have eaten onions.

Stant McBride on First street has the measles.

Ol Beale, of North Baltimore, is reported to be much improved and on the road to recovery.

Connorsville Examiner: Attorney Stevens and A. V. Spivey, of Rushville, were in the city a few hours this morning and enjoyed a pleasant handshake with friends while enroute to Brookville on legal business.

Lon Keisling's son who has been suffering with a painful gathering behind his left ear, which resulted from a severe case of scarlet fever, was operated on yesterday at Sexton's sanitarium and is getting along nicely.

The delegates to the State Republican convention next week, from Marion county, will be selected today. Taylor has arranged a slate all over the city, which it is conceded will win except in the Ninth ward, where he has perceptible opposition.

Dr. Dennis, professor of science at Earlham, will arrive here this evening, and he, in company with Supt. Headlee, will go out to D. O. Alter's tomorrow where the three will go on a "bird excursion," making a trip around over the country in Orange township, looking up various kinds of birds.

Walter Mathews, better known as "Piny" and Harvey Howard, both colored, were arrested by officers Ross and Weaver last night, and lodged in jail on the charge of public intoxication. Their case was set for trial this afternoon but owing to the absence of witnesses, was continued over until tomorrow morning at nine o'clock.

The work on Fred Clevenger's new brick yard, south of Riverside park, is progressing nicely. The machinery is arriving for the plant and the buildings are being erected. Mr. Clevenger expects the plant to be in operation by the 15th of next month. The steam process will be used and the plant will have a capacity of sixty thousand bricks per day.

William V. Rooker, an attorney in Indianapolis, today brought suit against Patrick H. McCormack, of Columbus, and Phil Wilk for \$350 for an attorney fee for services rendered them in the Marion Circuit court in a suit by McCormack and Wilk against J. M. Healey. Mr. Wilk lives in this county, which is the cause of the suit being brought here.

The recent disastrous fire at Connorsville, in which the axle factory was destroyed at a loss of \$25,000, demonstrates the inadequacy of fire fighting facilities, and at the suggestion of the Manufacturers' Club, additional fire hydrants have been ordered in the factory districts and the fire chief is instructed to purchase additional equipment to bring the Connorsville fire department up to the desired standard.

Samuel H. Caskey, aged eighty-four years, was found dead in his chair at the I. O. F. Home at Greensburg, yesterday evening. He was one of the oldest Odd Fellows in the State, having been a member of that order for fifty-two years. He leaves one brother, D. G. Caskey, Hutchinson, Kan., and five children—Mrs. W. H. Miller, New Salem; Charles P. Caskey, Denver, Col.; Mrs. I. F. Warriner, Indianapolis; George Caskey, Matthews, Ind.; and J. E. Caskey, editor of the Greensburg News.

Connorsville Examiner: A peculiar incident occurred a few days ago in Rushville. A sack of apples was ordered from a grocery store and when they were delivered, the lady of the house took one of the apples and ate it. On reaching the core she discovered a hard substance in the center, which proved to be a one-cent piece. It was imbedded in the core of the apple which was solid and in perfect shape. How the penny found its way into the apple core is considered remarkable, but it is generally believed that it was imbedded in the core in some manner when the fruit began to grow.
